

Wean Hall 5207

Quickstart Guide

Display Desktop Computer

- Wake the PC.
- Locate the remote and press **POWER** to turn on the display, if necessary.
- Press **INPUT** on the remote and select *HDMI2* from the on screen menu.

Display Laptop/Mobile Device

- Connect the HDMI cable or VGA and Audio cables to your device.
- Press **INPUT** on the remote and select *HDMI1* to use the HDMI cable or *PC IN* for the VGA and audio cables.

Tips

- Log in to the desktop PC using your Andrew UserID.
- The PC displays in extended desktop mode by default. To enable mirroring, go to the **System** menu and select **Preferences>Display**. Check **Mirror screens**, then click **Apply**.
