

Bachelor of Humanities and Arts (BHA)

Dietrich College (DC) Concentration in Economics

81 units (minimum)

Advisor: Jennifer Wegner, Tepper Quad 2400, jwegner@andrew.cmu.edu

The BHA concentration in Economics provides a solid understanding of economic theory and quantitative economic analysis. The core disciplinary sequences in economic theory and quantitative analysis are combined with calculus and data analysis to provide students with knowledge and skills that allow for creative problem-solving. Students pursuing the BHA concentration in Economics will hold a Dietrich College affiliation.

BHA students take at least 9 courses in their DC concentration, for a minimum of 81 units. A completed DC Concentration Declaration Sheet must be approved by the concentration advisor and submitted to the BXA office by spring mid-semester break of the student's sophomore year. BHA students who are admitted through internal transfer must have chosen a DC concentration at the time of their application, which serves as declaration.

Mathematics Prerequisites

These courses are not counted as part of your DC Concentration. They may be used to satisfy general education or free elective requirements.

21-120	Differential and Integral Calculus	10
21-256	Multivariate Analysis	9

Economic Theory Requirements

(4 courses, 36 units)

73-102 *	Principles of Microeconomics	9
or 73-104	Principles of Microeconomics Accelerated	
73-103	Principles of Macroeconomics	9
73-230	Intermediate Microeconomics	9
<u>73-240</u>	Intermediate Macroeconomics	9

* Students who place out of 73-102 based on the economics placement exam will receive a prereq waiver for 73-102 and are waived from taking 73-102.

Quantitative Analysis Requirements

(2 courses, 18 units)

These courses require 36-200 Reasoning with Data as a pre-requisite. 36-200 also fulfills a general education Data Analysis requirement.

73-265	Economics and Data Science	9
73-274	Econometrics I	9

Advanced Economics Electives

(2 courses, 18 units)

Students must take two advanced elective courses. Advanced elective courses are those numbered 73-300 through 73-495, as well as courses designated by the program offered by other departments/programs. Additionally, students may work with their economics advisor to structure alternative sets of courses to meet these requirements based on their particular interests, subject to course availability.

Senior Work

(1 course, 9 units)

73-497	Senior Project	9
