Carnegie Mellon University has been a birthplace of innovation since its founding in 1900. Today, CMU is a global leader bringing groundbreaking ideas to market and creating successful startup businesses. Our award-winning faculty are renowned for working closely with students to solve major scientific, technological and societal challenges. We put a strong emphasis on creating things — from art to robots. Our students are recruited by some of the world’s most innovative companies.

CMU ranked in the following categories:
- Computer Science #1
- Finance #4
- Business #7 and #10 overall

Campuses:
- PITTSBURGH
- SILICON VALLEY
- DOHA, QATAR

Degree-granting programs:
- AFRICA, ASIA, AUSTRALIA, EUROPE AND LATIN AMERICA

Alumni: 98,000 IN NEARLY 130 COUNTRIES

“My Heart is in the Work.”

**Cognitive tutors**, which improve the math skills of 500,000+ students each year

**Juicy Couture**, founded by alumna Gela Nash-Taylor

**CAPTCHAs**, those distorted words used in online security, invented by alumnus and professor Luis von Ahn

1,000+ companies **greenlighted** across the U.S. and internationally

The **first green student residence hall** in the U.S.

The world’s **first university robotics department**, founded in 1979

Alumnus **Andy Warhol**, pop artist pioneer and cultural icon

The **leading university center for cybersecurity**, providing support to more than 110 centers around the world

One of only 25 universities invited to be a member of the **World Economic Forum’s Global University Leaders Forum**

**HISTORY**

Founded by industrialist and philanthropist **Andrew Carnegie** in 1900, CMU began as the Carnegie Technical Schools in Pittsburgh, Pennsylvania. In 1912, the school became the Carnegie Institute of Technology, highly regarded for both the arts and technology. A merger with the Mellon Institute — the nation’s first major research institute — created Carnegie Mellon University in 1967. Today, CMU is the youngest of the top 25 universities in the U.S.
