Provide Feedback

For CTC equipment suggestions, questions, or to schedule an equipment demonstration, contact Clusters Services: clusters@andrew.cmu.edu or call 412-268-8776.
Connect a Device

Equipment Cables in the Room
Provided at Tables: 2 HDMI, 1 VGA, and 1 Audio cable for additional laptop connections
Provided at Lectern: 1 VGA, 1 HDMI, and 1 Audio cable

Equipment Cables/Adapters Not Provided

IMPORTANT! If you are using the following equipment, be sure to bring the appropriate cable or adapter with you:

- iPad, iPhone, iPod Touch - Composite AV Video USB cable, VGA adapter, or HDMI adapter
- Addtl. Laptop - VGA or HDMI cable
  Note: Cables are provided for 1st laptop
- Mac Laptop - Mac adapter
- Music Device - mini-to-mini cable
- VCR / Video Camera - RCA cable
- Internet - Ethernet Cable (if unable to use wifi)

Connections available from the front panel of the Lectern:
Select a Lectern Mode

Touching anywhere on the touch screen wakes the system. Select between *Teaching* or *Student* mode.

Display the document camera, blu-ray player, laptop, etc. in addition to displaying student computers on LCD displays

Display student computers or auxiliary inputs from each table to a designated LCD display

To **toggle** between modes and clear all LCD displays, touch the **System ON/OFF** button.
