

Release #34 introduced new functionality for the Office of Undergraduate Admission.

New users are encouraged to reference the [S3 QuickStart Guide](#) and the [Web Tutorial](#) section for basic “how to” instructions.

### Release Highlights

---

- Admission
  - Incoming Documents Posting
  - Event Roster
    - View list of prospects attending a specific event
    - Generate CSV roster

Additional improvements:

- ✓ Removed second ERP login requirement when viewing as student in SIO Admin Console

### Related Functionality Not Yet Released

---

- Admission: Decision Letters Display Control, Case Folder Management, and Sleeping Bag Weekend Host Display
- Registrar’s Office: Ability for faculty to easily download CSV roster for all of their course sections
- S3 Services/Batch Conversions: Billing, accounting, authentication, potential college honors, QPA update, financial aid award letters, billing and aging, etc.

### Coming in the Next Six Months...

---

- Conversion of remaining screens and batch processes to meet Cutover deadline of June 2015
- Limited S3 suite screen enhancements
