### Section I.c Enrollment

Provide the number of students in the teacher preparation program in the following categories. Note that you must report on the number of students by ethnicity and race separately. Individuals who are non-Hispanic/Latino will be reported in one of the race categories. Also note that individuals can belong to one or more racial groups, so the sum of the members of each racial category may not necessarily add up to the total number of students enrolled.

For the purpose of Title II reporting, an enrolled student is defined as a student who has been admitted to a teacher preparation program, but who has not completed the program during the academic year being reported. An individual who completed the program during the academic year being reported is counted as a program completer and not an enrolled student.

**Additional guidance on reporting race and ethnicity data.**

This evaluation includes (1) candidate performance in all pre-clinical and clinical courses, (2) cooperating teacher evaluations of student teachers, (3) the instructional needs of local K-12 schools identified through communication with faculty & administration, (4) alumni assessment of the teacher preparation program, and (5) candidate performance on Praxis exams. As a result of these annual evaluations, the music education curriculum and the professional development demands of the faculty are revised as needed to remedy the concerns.
