Visitor Questionnaire

Please note that any resulting IP created with or by the visitor will be owned by Carnegie Mellon University.

Visitor’s full legal name:

Visitor’s country of citizenship

Visitor’s address and contact information

Visitor’s sponsoring institution/agency and/or source of funding

Proposed period of his/her visit (start & end dates) START DATE MUST BE AT LEAST 3 MONTHS FROM TODAY

The building and office number where the visitor will be located

Description of the work the visitor will be conducting while at CMU, including the project purpose and goals

Is the work to be performed by the visitor is related to any sponsored research project (grant, contract, etc.) of faculty sponsor or other faculty members? If yes, provide Oracle strings and project names.

Are there any existing technology control plans (export controls) established in the area the visitor will be working?

Will the visitor be working on any NASA related research or have access to any NASA related research?

Will the visitor be working primarily on his/her own personal project(s) or primarily be an active participant/contributor to CMU work?

Describe confidential and/or proprietary information s/he may be exposed to, including any potentially patentable information/technology

Last updated: October 2, 2015
Will the visitor need to use or require access to any third party materials, data, and/or information for the work contemplated (i.e. materials, data, and/or information received under a data use agreement, equipment agreement, MTA, NDA, grant, etc.)?

Does the faculty sponsor intend to publish the results of the collaboration?

Has the faculty sponsor worked or collaborated with the visitor in the past? If 'Yes', please briefly describe past collaborations.

If 'No' to the above, was this an unsolicited request? Please describe how you know the visitor.
