IES acknowledgement statement, and submission of all papers to ERIC

IES, like all federal agencies, requires researchers to acknowledge financial support of research that has been funded, in part or whole, by the agency. Their official policy is that any presentation of findings, written or oral, of research conducted by you while you are an IES Predoctoral Training Program Fellow, including your dissertation research, must include the following acknowledgement:

The research reported here was supported, in whole or in part, by the Institute of Education Sciences, U.S. Department of Education, through Grant <GRANT NUMBER HERE> to Carnegie Mellon University. The opinions expressed are those of the authors and do not represent the views of the Institute or the U.S. Department of Education.

At present, PIER has two active grants, so be sure to insert the right Grant number in the statement.

For PIER2 students, initially funded prior to September 2016, the number is: R305B090023

For PIER3 students, funded on or after September 1, 2016, the number is: R305B150008

IN ADDITION, the IES requires that all publications supported by IES must be submitted to the ERIC Clearing House. The IES policy statement on this is here: https://ies.ed.gov/funding/datasharing_grants.asp
