Social Energy Map

Developed by Vidya Pissaye
vidya.pissaye@sv.cmu.edu

PURPOSE
To take social interaction data from Facebook, observe interesting behaviors and trends that emerge among different groups of users and study the types of boundaries that are crossed on a regular basis.

WHAT THE APP DOES
Allows users to explore demographic information of users who interact around his/her Facebook content.

USES
- Fun
- Social Interaction Analysis
- Individual Emotional Health Analysis
- Business

FUTURE
- Similar analysis on user friend’s Facebook content
- More sophisticated and advanced statistics on Facebook interaction data

ACKNOWLEDGMENT
Dr. Patrick Tague (Faculty advisor), Mark Nelson (Co-founder of Stanford Peace Innovation Lab) & Margarita Quihuis (Research Team at Stanford's Persuasive Technology Lab and directs the Stanford Peace Innovation Lab)
