

**University Store  
Computer Sales**

Computer Sales offers a variety of computers, peripherals and software to the Carnegie Mellon campus community. Our primary goal is to meet your computing needs with the best possible price and products.

We accept payment by cash, personal check and Visa or MasterCard. Purchases are available only to full-time students, faculty and full-time staff members. New students entering the university, who have been accepted and who have signed a letter of intent to enroll, are also eligible to make purchases.

A valid ID must be presented for any purchase. Sales tax of 7% will be collected on sales to individuals. Prices are subject to change without notice. All returns must be made within 5 business days of original purchase; all packaging and original sales receipt must accompany the product. We reserve the right to refuse any item for return. Watch for special announcements and price changes on the web at [www.cmu.edu/computing/store](http://www.cmu.edu/computing/store).

\* Please allow approximately 10-14 business days for all custom-built systems.

## Dell Laptop Configurations

### Price List

#### Hardware

Computer Sales is dedicated to staying on the leading edge of technology, bringing the campus community a complete selection of the latest products available at educational prices. This enables the entire campus community to take advantage of the benefits of special discounted pricing, available only in an academic environment.

Our friendly and knowledgeable sales associates can offer you accurate, useful information and assistance in a convenient and comfortable setting.

#### Academic Products

Most products offered through Computer Sales are items intended by the manufacturer for use exclusively within the academic market. In most cases, the software is Fully Packaged Product (FPP) and is exactly the same as the full retail product sold by the non-education retailer, the only difference being the price. Our contractual relationship with software and hardware manufacturers strictly requires that you qualify to purchase academic products.
