

ECHO : SYSTEM

ACTION STATION 2 : THE DESERT

FRIDAY, SEPTEMBER 9, 2005

Echo: System—

excerpts from a site specific installation created by Grisha Coleman with collaborators from the fields of biology, architecture, sound design and digital media. The project immerses audiences in a synthetic habitat with live music and performance.

Funded by the Multicultural Arts Initiative
in collaboration with
the STUDIO for Creative Inquiry
and supported by the School of Drama

RSVP required, please email
studio-info@andrew.cmu.edu or
call 412.268.3454

Helen Wayne Rauh Studio Theater
Purnell Center for the Arts
