

**Margaret Carver Grant for Enhancing Diversity,
Equitability and Inclusion Form**

This grant is for enhancing diversity, equitability and inclusion will be presented to one Biological Sciences Ph.D. student or Postdoctoral Fellow annually. Funds will be used for any activity that is viewed to enhance diversity, equitability and inclusion in the department, CMU, Pittsburgh or the wider community. These activities could include workshops, symposia, social events, outreach with local students, website development, social media and/or resource development. Funds may be used to supplement activities undertaken for NSF fellowships or similar other grants. Applicants should provide a one-page description of the proposed activities and how they might enhance diversity, equitability and inclusion.
