LEARN ABOUT CMU BME AMBASSADORS

FAVORITE THING ABOUT BME DEPARTMENT

Professor Tzahi Cohen-Karni 😊

FAVORITE THING ABOUT CMU

Its collaboration and proximity to the University of Pittsburgh. It makes the campus feel larger than it actually is.

FACTS NEW STUDENTS MAY NOT KNOW ABOUT PITTSBURGH, CMU, OR BME

Everyone drives slow in Pittsburgh, as in they actually drive the speed limit lol. So be careful if you don't like obeying traffic laws like myself 😏. Also, the hills are very steep here, so try to have a car that's all wheel drive.

WHY I PICKED CMU FOR MY GRAD STUDIES?

Its reputation in Engineering precedes anything else and its network of alumni is extensive.

LONG TERM CAREER GOALS

My goal is a senior management position in a biotech company.
