The Olitsky Family Foundation Career Readiness Program at CMU offers career and professional development opportunities for students with cognitive and emotional differences.

Employer Training Seminar
April 12th 1-3pm
Companies such as PNC, CMU, CVS, Giant Eagle and others will share with an the group how their organizations have taken steps toward enhancing their diversity hiring and retention strategies, specifically for individuals with diverse needs. They will participate in a discussion around how we, as a community, can support these initiatives, engage in real-world practice scenarios and bring creative solutions back to their respective organizations.

Student-Employer Connect Event
April 12th 4:30 – 6pm
Students and employers will engage in a unique opportunity to connect and network in a structured environment. This event will enable our students to apply the professional skills they have developed through the program, as well as provide our employers with a chance to meet candidates from many local Pittsburgh universities.

What is our goal?
To break down the barriers-of-entry for students with emotional and cognitive differences in their career-search process. The program takes a unique, 3-pronged approach by engaging our 1) students, 2) local campus community and 3) employer partners in various events to achieve long-term, sustainable success for our students.

Program Components:
✓ 1-on-1 Student Coaching
✓ Spring Break Seminar
✓ Campus Partner Education & Training Sessions
✓ Employer Training Session
✓ Student-Employer Connect Event
