## A Note from Jeff

Jeff Jeffries

Director of Employer Relations

Congratulations to all of our employers for a successful year of recruiting. We had many exciting things happen this past spring semester. For the first time in three years, we recently hosted our Campus Engagement Day where employers engaged with our faculty members to learn more about the programs and students we have at our university. We're always willing to try something new and this was the first time we did this event virtually. I'd like to thank all of those who were able to attend.

Campus Engagement Day wasn't the only event we hadn't done in a few years... Spring Carnival was alive on campus this spring with CMU's traditions of buggy racing, booth-building and carnival rides! Campus also embraced Spring commencement, once again in-person, with students from the class of 2020, 2021, and 2022.

As we prepare for fall recruiting, we're excited to host our premier events in-person. Our Encompass Career Fair (all majors) will be a hybrid event with two days of virtual and in-person interactions. We feel this will be a great way to accommodate all employers with their recruiting needs. Our interview center will be open for your on-campus events and interviews to help with your engagement across campus.

I hope everyone enjoys the summer months. I'm looking forward to seeing everyone in the fall semester.

Best Wishes, Jeff

### Spring Carnival Returns in Full Swing!

Andrew Carnegie must be smiling from above. For the first time since 2019, Carnegie Mellon's Spring Carnival, the most celebrated university tradition, returns this week in person and in full capacity, April 7-10.

Senior Asad Sheikh, this year's Spring Carnival chair, says it's time for students to find out what it's all about.

"I hope people finally get an answer to the question, 'What is carnival?'" said Sheikh, who enjoyed his first and last full carnival experience as a freshman in 2019. "I've heard that question so many times this year. I hope once students see it and experience it, they'll be able to see why everyone talks about what a great time it is."
