National Music Theatre Programs

The following information was compiled by Thomas Douglas. Investigate the websites for the organizations you call, but it is wise to call first. When you do, mention that you are a CMU student who is interested in summer musical theater work. Ask if you should submit your resume and headshot by mail, and be sure to verify the address and to whom it should be sent. Write a brief cover letter that also mentions that you are a CMU student and that you are interested in auditioning for the summer season in addition to the resume and headshot. You may have to call again. Then you would say, "I'm calling to check on the status of the auditions for the summer season."
