

## **Graduate Forum schedule – Spring 2021**

Feb. 4	Denis Colwell and Others
Feb. 18	Dr. Greg Marchetti (musculoskeletal health)
March 4	Dr. Catherine Palmer (hearing health)
March 18	TBD
April 1	TBD
April 22	TBD

All will take place from 3-3:50 over Zoom.

All graduate forums this semester will be convos, but not all convos will be grad forums. Once the content of the remaining convos (currently marked TBD) is set, I will let you know whether or not they will also be required grad forums.

These sessions are required of all M.M. students, and they are strongly encouraged for all other grad students in music.

I also encourage you to attend the other convo meetings, which are not required for any grad students.

If an M.M. student exceeds the one excused absence for the semester, you may make this up by attending a convo that is not also a grad forum; if this happens, make sure to email Sharon Johnston so that she records your attendance in the relevant way.
