

Carnegie Mellon University School of Music Locker Terms of Use

These terms are in effect beginning in Fall semester 2024 and are subject to change at any time.

Terms of Use

- Lockers at the CMU School of Music are available to full-time, enrolled, registered School of Music students on a first-come, first-served basis and are to be used solely for academic purposes.
- If available, students may request one additional locker. Oversize lockers and locker cabinets are limited and only available in CFA.
- All graduating students or students not returning in the following fall semester **must completely vacate lockers by May 11, 2025, at 5:00pm**. If graduating in December, you **must vacate by December 15, 2024, at 5:00pm**. Nothing should be left in lockers. Any debris remaining after the deadlines will be removed and discarded.
- You must use the lock that is supplied by CMU's School of Music and communicate any repairs needed to the lock or locker to the Director of Operations. Unauthorized locks on lockers will be removed and contents discarded or destroyed. **Any students who were registered to a CFA locker prior to August 2023 and are returning for the 24/25 academic year, will be permitted to continue using a personal lock until they graduate, at which point they must remove their personal lock and that will be replaced with a School of Music lock.*
- You must use the locker and lock you have been assigned; you may not switch with another user.
- The locker and lock are property of the CMU School of Music, and the CMU School of Music reserves the right to enter at any time.
- The CMU School of Music assumes no responsibility for loss or damage to locker contents, regardless of means. Lockers are used by students at the student's own risk.
- Any contents left on top of lockers will be discarded.

To request/register a locker:

Please complete and submit the online CMU School of Music Locker Registration Form.
