GAME ARCHITECT

Picture your game. Once we understand the story of a game, we need to figure out how it should look.

1

Use the back of this card or a separate piece of paper to draw us a scene from a video game that stars your co-bot!

2

When you're ready, upload a picture of your scene to the app.

3

Send us a voice message to tell us all about your scene!

3

YOU CAN USE THIS SPACE TO WRITE DOWN IDEAS!

REMEMBER!

A co-bot is a robot designed to work closely with humans. That means they have to share space with humans and work together.
