Services:

Below is a list of the types of service contracts the University Contracts Office handles on a day-to-day basis. It is by no means a comprehensive list. Contracting, by its very nature, can be a gray area. Thus, there are no hard and fast rules that act as a substitute to common sense. This explanation and list should make it easier for the buyer to decide whether a "Service" is involved. But, on the occasions when it's not absolutely clear, the buyer is encouraged to call the University Contracts Office to discuss the matter.

Actors
Advertising
Allegheny county permits
