Any copyright registration by Licensee for Derivatives shall give full attribution to Carnegie Mellon's Copyrights. Carnegie Mellon shall have the right to use Derivatives for research, educational, academic, and/or administrative purposes.

2.3. No right to sublicense the Technology is hereby granted to Licensee except (a) that Licensee may sublicense to its customers Licensed Technology in the ordinary course of business to the extent necessary for use and practice of the Licensed Product Disposed of by Licensee to said customers or (b) with the prior written agreement by Carnegie Mellon. fully informed of, and shall move expeditiously to resolve, any complaint by a governmental body relevant to the Licensed Products, [except for complaints subject to Section 22 (Infringement) of this Agreement].

2.7. Carnegie Mellon retains the right, exercisable in the sole discretion of Carnegie Mellon and upon advance notice to Licensee, to grant non-exclusive licenses to practice the Licensed Technology in the Field of Use to third parties as a means to resolve disputes or settle claims, suits, or proceedings arising out of allegations that the Licensed Technology infringes upon the intellectual property rights of the third party. Each party shall promptly notify the other parties hereto of its receipt of any such allegations. Nothing in this Section 2.7 shall be construed as obligating Carnegie Mellon to resolve any dispute or to settle or defend any claim, suit, or proceeding arising out of Licensee's Disposition of Licensed Products. If Carnegie Mellon grants such non-exclusive license, the economic terms of this Agreement will be adjusted accordingly. Carnegie Mellon retains the right to grant either exclusive or non-exclusive licenses for the Licensed Technology in fields of use other than the Field of Use for which the license hereunder is granted.

2.8. It is a condition of the continued existence of this Agreement that Creators of the Licensed Technology having any rights under Carnegie Mellon's Intellectual Property Policy, who are or become (in the period two years after the Effective Date) Owners (other than through distribution of Shares received by Carnegie Mellon or purchase of Shares after a public offering or the sale of substantially all of the assets of Licensee to a third party), full-time or substantially full-time employees, full-time or substantially full-time consultants, or full-time or substantially full-time subcontractors of or to Licensee, before assuming such status regarding Licensee, have executed and delivered to Carnegie Mellon an assignment to Carnegie Mellon, in the form of Attachment B of this Agreement, of their rights as Creators to receive any amounts that would otherwise thereafter be due to them under Carnegie Mellon's Intellectual Property Policy, under or by reason of implementation of this Agreement. Licensee will be required to provide to Carnegie Mellon a signed proof of waiver from any such Creator, who occupies the status of Owner or full-time or substantially full-time employee, full-time or substantially full-time consultant or full-time or substantially full-time subcontractor of Licensee at any time during the period commencing on or before the Effective Date and ending two years thereafter. Such information will be provided within five (5) days of the execution of this Agreement and will be updated within five (5) days of any changes in accordance with Section 23 (Notices).

2.9. This Agreement is subject to any government purpose license rights under 35 USC §202 (c) (4) and any march-in rights of the United States of America under 35 USC §203.

3. Term of this Agreement

The term of this Agreement shall conclude [at the end of twenty (20) years from the Effective Date, or on the expiration date of the last-to-expire Patent, whichever comes later], unless otherwise terminated pursuant to another provision of this Agreement.

4. Carnegie Mellon Shares

All provisions are subject to addition, elimination, or revision by either party. All communications and discussions are tentative until execution of a written agreement by both parties.

4.1. As a partial royalty for the license rights granted by Carnegie Mellon herein, Licensee agrees to the following: within thirty (30) days from the Effective Date, Licensee will execute and deliver to Carnegie Mellon <Insert #> of Shares of Licensee, which Shares shall constitute _____ percent (x%) of the total of all Shares then outstanding, and will issue a warrant (in the form of Attachment C of this Agreement) to be exercised upon the earlier of (i) the day that Licensee's cumulative capital funding [and/or receipt of cumulative Revenues] equals the sum of Two Million Dollars (U.S. \$2,000,000) or (ii) thirty (30) days prior to any Change of Control Event that provides for the issuance of Shares, sufficient that when added to the amount of Shares then held by Carnegie Mellon results in an amount equal to _____ percent (x%) of the outstanding equity of Licensee on a fully diluted basis.

4.2. Prior to a Qualified IPO or a Qualified Sale, Carnegie Mellon shall have preemptive rights with respect to additional issuances of equity securities (or securities convertible or exchangeable into equity securities) ("**Equity Securities**"), including without limitation issuances of Equity Securities to Licensee employees in exchange for cash, the effect of which will be that Carnegie Mellon shall have the right to subscribe for additional Equity Securities so as to maintain its _____ percent (x %) equity interest without dilution or diminution. If additional Equity Securities are issued in conjunction with a merger or acquisition, in order for Carnegie Mellon to exercise its preemptive rights, the valuation of those securities will be made by an independent third party, agreed to in advance by both parties (if no independent third party can be agreed upon by both parties then by dispute resolution pursuant to Section 21.) The independent third party valuation (or dispute resolution) will be considered final.

4.3. In any public offering of securities conducted by Licensee, which includes Shares held by Owners, Carnegie Mellon shall be entitled to participate on a pro rata basis to the same extent as such selling Owners (or any permitted transferee of such selling Owners) and on terms and conditions no less favorable to Carnegie Mellon than those provided to such selling Owners (or such permitted transferee).

4.4. Carnegie Mellon shall have the right of co-sale such that, if another Owner desires to sell all or any part of his or its Shares, now owned or hereinafter acquired, any such sale of Shares will be subject to the following rights of co-sale. Carnegie Mellon shall have the right to sell to the purchaser of the stock, on the same terms and conditions, an amount of Shares equal to the number of Shares (including Shares into which each of the Owners may convert any other stock) then owned by Carnegie Mellon equal to (i) the percentage ownership of Carnegie Mellon in the Shares of Licensee (including Shares into which each of the Owners may convert any other securities convertible into Shares) times the number of Shares to be sold or (ii) at the option of Carnegie Mellon, a lesser number of Shares ("**Co-Sale Right**"). The effect of this Co-Sale Right will be to equate, on a percentage ownership basis, the number of Shares sold by the selling Owner and each of the other Owners, which may prevent the selling Owner from selling the number of Shares which he or it originally intended to sell.

4.5. Notwithstanding the foregoing, the provisions of Section 4.4 shall not apply to any sale by a Owner in an underwritten public offering under an effective registration statement under the Securities Act of 1933, as amended.

All provisions are subject to addition, elimination, or revision by either party. All communications and discussions are tentative until execution of a written agreement by both parties.

5. Minimum Performance Requirements

6. Royalties and Payment Terms

6.1. Royalties payable by Licensee to Carnegie Mellon shall be _____ percent (x %) of Net Sales. However, no Royalties from Dispositions of Licensed Products by Licensee under this Section shall be due and payable to Carnegie Mellon for a period of three (3) years following the Effective Date or until the closing of a Change of Control Event, whichever may occur sooner.

6.2. Royalties payable to Carnegie Mellon shall be paid by Licensee to Carnegie Mellon, as set forth in this Section 6, for each Fiscal Quarter within sixty (60) days after the end of such Fiscal Quarter, until this Agreement expires or is terminated in accordance with the terms of this Agreement. If this Agreement terminates before the end of a Fiscal Quarter, the payment for the terminal fractional portion of a Fiscal Quarter shall be made within ninety (90) days after the date of termination of this Agreement. All Royalties and other amounts payable hereunder shall be paid in U.S. Dollars and shall be made by wire transfer to Carnegie Mellon's account No.

Licensee shall make available Licensee's books and records for audit by Carnegie Mellon or its designee, and Licensee agrees to cooperate fully in any such audit, provided that Carnegie Mellon and its designee (if any) agree to protect the confidentiality of the information as to the customers of Licensee. Any such audit shall not be more frequent than annually. In the event of any deficiency in payment, in addition to paying the deficiency, if the audit determines that any amounts paid to Carnegie Mellon were deficient by more than five percent (5%), Licensee shall also pay the costs of the audit, all within thirty (30) days following written notice of such deficiency.

7.3. Licensee shall report to Carnegie Mellon the date of the first commercial Disposition of a Licensed Product within sixty (60) days of occurrence in each country.

7.4. 8. Improvements

8.1. Discussion of a problem during collaboration between the parties to this Agreement will not create any rights to ownership of patents, copyrights, mask work rights, trade secrets or other intellectual property rights in solutions to the problem developed solely by employees or agents of the other party hereto.

8.2. Licensee will own all of the right, title and interest (including patents, copyrights, mask work rights, trade secrets and any other intellectual property rights, but excluding Patents) in and to the results of the collaboration between the parties that are developed solely by Licensee employees or agents, when acting as such.

8.3. Carnegie Mellon will own all of the right, title and interest (including patents, Patents, copyrights, Copyrights, mask work rights, trade secrets and any other intellectual property rights) in and to the results of the collaboration between the parties that are developed solely by Carnegie Mellon employees or agents, when acting as such.

8.4. All intellectual property which results in Patents or Licensed Technology developed jointly by employees or agents of Carnegie Mellon and Licensee, each when acting as such, shall be owned by Carnegie Mellon. Licensee may utilize such jointly developed property pursuant to the terms of this Agreement. Carnegie Mellon may issue licenses to others regarding such jointly developed property which results in Patents or Licensed Technology, as long as such licenses do not violate any exclusive license to Licensee then existing under Section 2 (License Grant). If any other property rights are developed jointly by employees or agents of Carnegie Mellon and Licensee, each when acting as such, which would not constitute [a Patent or] Licensed Technology and which are not subject to another agreement between Carnegie Mellon and Licensee, Carnegie Mellon and Licensee shall jointly own (without any duty to account to the other for profits) all right, title and interest (including patents, copyrights, mask work rights, trade secrets, and other intellectual property rights) in and to the results of such joint development. If any patentable invention which would not constitute a Patent or Licensed Technology arises out of such joint development by employees or agents of Carnegie Mellon and Licensee, each when acting as such, Carnegie Mellon and Licensee will engage in good faith efforts to mutually agree on whether and how to pursue patent, copyright or mask work protection of the invention in the U.S. and elsewhere.

All provisions are subject to addition, elimination, or revision by either party. All communications and discussions are tentative until execution of a written agreement by both parties.

8.5. Except as provided in this Section 8, nothing herein shall be deemed to grant any license or rights in any other technology in addition to the Licensed Technology.

Licensee shall reimburse Carnegie Mellon for [fifty per cent (50%) of [in the case of a non-exclusive] all such Patent expenses and fees at the earlier of: (i) three (3) years from the Effective Date, (ii) the closing date of a Change of Control Event or (iii) for international patents, from the start of expenses for patenting outside the USA. Thereafter, Licensee shall pay for or reimburse Carnegie Mellon for all fees and expenses related to future Patenting expenses, within thirty (30) days of receipt of each notification or bill.

9.3. Carnegie Mellon has applied for, and/or will apply for and prosecute Patent coverage in any country if so requested by Licensee, at Licensee's sole expense, for any and all Patents to the extent that such protection is reasonably obtainable.

9.4. Carnegie Mellon may, at its option and sole discretion and at its own expense pursue patent, copyright and/or trademark rights for Licensed Technology in any country for which coverage has not been requested by Licensee in accordance with Subsection 9.3 herein. If Licensee does not reimburse Carnegie Mellon for such amounts within thirty (30) days of the receipt of each notification or bill therefor, then Licensee shall have no rights relating to same in that country.

9.5. No less than forty-five (45) days before instituting any legal proceeding contesting the validity or enforceability or use of a license granted hereunder, Licensee shall give written notice to Carnegie Mellon of its intention to bring such a challenge and a detailed description of the legal and factual basis for such a challenge to preserve Carnegie Mellon's ability to have any such challenge proceed in a forum convenient for Carnegie Mellon and to assist the parties in seeking to resolve the dispute without the need for judicial action.

10.3. Licensee acknowledges that the title to the Technology (including Copyright) shall remain with Carnegie Mellon and that any copies of the Technology or portions thereof made by Licensee in accordance with the rights granted hereunder shall include a Carnegie Mellon copyright notice thereon. The notice shall be affixed to all copies or portions thereof in such a manner and location as to give reasonable notice of Carnegie Mellon’s claim of copyright and shall be in the following format: “Copyright 20__ Carnegie Mellon University. All rights reserved.” or “© 20__ Carnegie Mellon All Rights Reserved.”

10.4. Licensee acknowledges that it does not have any rights or any title whatsoever in or to Carnegie Mellon's technology, trade name or in or to any of Carnegie Mellon's trademarks, except as provided under this Agreement. 11. Termination

11.1. In the event that Licensee defaults in the payment in full of any amount required to be paid under this Agreement on the date such payment is due, in addition to utilizing any other legal and/or equitable remedies, Carnegie Mellon shall have the right by written notice to Licensee to [(a) terminate the exclusivity, if any, of any license hereunder (by amending the word "exclusive" in the related license grant to read "non-exclusive") without any reduction in any of the payments due from Licensee or (b)] terminate this Agreement. In addition to the foregoing, in the event that (a) Licensee shall make or offer to make any arrangement or composition with or for the benefit of its creditors, or (b) Licensee ceases or threatens to cease to carry on its business, or (c) Licensee is or becomes unable to pay its debts as they become due, or (d) Licensee commits any act of insolvency or bankruptcy, or (e) a petition or resolution for the making of an administration order or for the bankruptcy, winding-up or dissolution of Licensee is presented or passed, or (f) Licensee files a voluntary petition in bankruptcy or insolvency, or (g) a receiver or administrator takes possession of or is appointed over the whole or any part of the assets of Licensee, or (h) any analogous procedure is commenced against or by Licensee in any jurisdiction, Carnegie Mellon shall have the right by written notice to Licensee to terminate this Agreement.

All provisions are subject to addition, elimination, or revision by either party. All communications and discussions are tentative until execution of a written agreement by both parties.

11.3. In the event that any of (a) Licensee, or (b) an affiliate of Licensee, or (c) a third party acting on behalf of Licensee or one of its affiliates, challenges or disputes the validity or enforceability of any intellectual property rights licensed hereunder in any judicial or administrative proceeding, Carnegie Mellon may, at its option and sole discretion, terminate the license [or terminate exclusivity] as to such challenged intellectual property by notice in writing to Licensee.

11.4. The Royalty rates and other amounts stated herein have been negotiated with the understanding that no court has made any determination as to the validity or enforceability of any Patent specifically claiming any of the Licensed Technology or whether any of Licensee's products infringe any claim of any Patent. Licensee desires to obtain a license under the terms stated herein, without regard to the lack of such adjudication. In the event that Licensee or any affiliate of Licensee, either directly or indirectly, challenges the validity or enforceability of any intellectual property rights licensed hereunder, or commences a judicial proceeding involving whether any of its products infringe any claim of Carnegie Mellon's intellectual property rights or would infringe in the absence of this license, and such validity, enforceability or infringement is upheld in any such judicial or administrative proceeding (including a reexamination that results in issuance of amended claims), Royalties due and payable under Section 6.1 herein shall, effective immediately as of the date such validity, enforceability or infringement is upheld, increase to _____ percent to take into account the additional certainty regarding Carnegie Mellon's rights provided by such a resolution and to compensate Carnegie Mellon for the burden and expense of such challenge.

11.5. The termination of this Agreement pursuant to this Section 11 or pursuant to Section 3 hereof shall not terminate (a) the obligation of Licensee to pay any amounts which have accrued or would otherwise be required to be paid by Licensee under the terms of this Agreement, and (b) the obligations of Licensee under Sections 7 (Reports and Audits), 9 (Patents and Other Intellectual Property), 11 (Termination), 12 (Taxes), 15 (Confidentiality and Trade Secrets), 16 (Indemnification), 17 (Insurance), 21 (Dispute Resolution), and [22 (Infringement)] hereunder.

[COMPANY NAME]

WARRANT CERTIFICATE

Dated as of _____

Warrant to Purchase Equity Interest

Section 1. Grant of Warrant. _____, a _____ corporation (the “Company”), hereby certifies that, for value received, **CARNEGIE MELLON UNIVERSITY** (“Carnegie Mellon”) is entitled to purchase, at an aggregate exercise price of \$10.00 (the “Exercise Price”) for all Shares evidenced by this Warrant, during the Exercise Period (defined below) up to that number of Shares (as that term is defined in the License (as defined herein)) of the Company (“Equity Interest”) subject to adjustment as herein provided (as so adjusted from time to time, the “Warrant Shares”) that would constitute, when issued and when added to the Shares issued to Carnegie Mellon on _____ pursuant to Section ____ of the License (as defined in Section 3(b)), _____ percent (___%) of the outstanding Shares of the Company on a fully-diluted basis, that is, treating as outstanding for this purpose all Shares issuable upon exercise or conversion of outstanding warrant, options, purchase rights or convertible securities (whether or not exercisable or convertible as of the date hereof), and treating as Equity Interest for this purpose all equity securities of any series or class, all subject to the terms and conditions set forth herein.

Section 2. Registration. The Company shall register this Warrant, upon records to be maintained by the Company for that purpose, in the name of the record holder of this Warrant from time to time. The Company may deem and treat the registered holder of each Warrant as the absolute owner thereof for the purpose of any exercise thereof or any distribution to the holder thereof, and for all other purposes, and the Company shall not be affected by any notice to the contrary.

Section 3. Registration of Transfers and Exchanges.

(a) **General.** The Company shall register the transfer of any Warrant upon records to be maintained by the Company for that purpose, upon surrender of this Warrant Certificate, with the Form of Assignment attached hereto duly filled in and signed, to the Company at the office specified in or pursuant to Section 4(c). Upon any such registration of transfer, a new Warrant Certificate, in substantially the form of this Warrant Certificate, evidencing the Warrant so transferred shall be issued to the transferee and a new Warrant Certificate, in similar form, evidencing the remaining Warrant not so transferred, if any, shall be issued to the then registered holder thereof.

(b) **Warrant Exchangeable for Different Denominations.** This Warrant Certificate is exchangeable, upon the surrender hereof by the holder hereof at the office of the Company

All provisions are subject to addition, elimination, or revision by either party. All communications and discussions are tentative until execution of a written agreement by both parties.

specified in or pursuant to Section 4(c), for new Warrant Certificates, in substantially the form of this Warrant Certificate, evidencing in the aggregate the right to purchase the number of Warrant Shares which may then be purchased hereunder, each of such new Warrant Certificates to be dated the date of such exchange and to represent the right to purchase such number of Warrant Shares as shall be designated by said holder hereof at the time of such surrender.

Section 4. Duration and Exercise of Warrant.

(a) ***Duration.*** Warrant shall be exercisable by the registered holder thereof on any business day before 5:00 P.M., Pittsburgh time, on the last day of the Exercise Period (the "Expiration Date"). At 5:00 P.M., Pittsburgh time, on the Expiration Date, each Warrant not exercised prior thereto shall expire and be and become void and of no value and all rights under this Warrant Certificate, other than the rights granted with respect to Warrant Shares pursuant to Section 11, shall cease as of such time.

(b) ***Exercise.*** Subject to the provisions of this Warrant Certificate, the holder of each Warrant on or prior to the Expiration Date shall have the right to purchase from the Company (and the Company shall be obligated to issue and sell to such holder) at the Exercise Price the number of fully paid and non-assessable Warrant Shares up to the maximum amount described in Section 1 of this Warrant Certificate. The Warrant represented hereby is being issued to Carnegie Mellon in connection with a License Agreement dated as of _____ (as it may be amended from time to time, the "License") between Carnegie Mellon, as licensor, and the Company, as licensee. The Warrant shall be exercisable upon the earlier of (i) the day that Licensee's cumulative capital funding [and/or receipt of cumulative Revenues] equals the sum of Two Million Dollars (U.S. \$2,000,000) or (ii) 30 days prior to any Qualified Sale (as defined in the License) or any other merger, consolidation, reorganization, combination or similar transaction in which the Owners of the Company immediately before such transaction do not continue to control at least a majority of the voting interests in the Company after such transaction. The Warrant shall continue to be exercisable for a period of 30 days following the occurrence of the applicable triggering event described in the immediately preceding sentence (the "Exercise Period"). This Warrant shall be automatically exercised in full, to the extent not previously exercised, upon the date of the consummation of a Qualified IPO (as such term is defined in the License), and the Company thereupon shall issue to the holder the Warrant Shares upon surrender of the certificates representing the Warrant and payment of the Exercise Price, and thereafter all rights under this Warrant Certificate, other than the rights granted with respect to Warrant Shares pursuant to Section 11, shall cease as of such time.

(c) ***Manner of Exercise.*** Upon surrender of this Warrant Certificate, with the Form of Election to Purchase attached hereto duly filled in and signed, to the Company at its office at _____, or at such other address as the Company may specify in writing to the then registered holder of the Warrant, and upon payment of the Exercise Price, all as specified by the holder of this Warrant Certificate in the Form of Election to Purchase, the Company shall promptly issue and cause to be delivered to or upon the written order of the registered holder of such Warrant, and in such name or names as such registered holder may designate, a certificate for the Warrant Shares issued upon such exercise of such Warrant. Any person or entity so designated to be named therein shall be deemed to have become holder of record of such Warrant Shares as of the Date of Exercise of such Warrant. The "Date of Exercise" of any Warrant means the date on which the Company shall have received (i) this Warrant Certificate, with the Form of Election to Purchase attached hereto appropriately filled in and duly signed, and (ii) payment of the Exercise Price for such Warrant.

(d) ***Partial Exercise.*** The Warrant evidenced by this Warrant Certificate shall be exercisable during the Exercise Period, either as an entirety or for part only of the number of

Warrant Shares evidenced by this Warrant Certificate. If less than all of the Warrant Shares evidenced by this Warrant Certificate are exercised at any time during the Exercise Period, the Company shall issue, at its expense, a new Warrant Certificate, in substantially the form of this Warrant Certificate, for the remaining number of Warrant Shares evidenced by this Warrant Certificate.

Section 5. Payment of Taxes. The Company will pay all taxes attributable to the issuance of the Warrant and the Warrant Shares; *provided, however,* that the Company shall not be required to pay any tax in respect of the transfer of the Warrant, or the issuance or delivery of certificates for Warrant Shares or other securities in respect of the Warrant Shares upon the exercise of the Warrant, to a person or entity other than a then existing registered holder of the Warrant or an Affiliate of such registered holder. An “Affiliate” of any person or entity means any other person or entity directly or indirectly controlling, controlled by or under direct or indirect common control with such person or entity.

Section 6. Mutilated or Missing Warrant Certificate. If this Warrant Certificate shall be mutilated, lost, stolen or destroyed, upon request by the registered holder of the Warrant the Company will issue, in exchange for and upon cancellation of the mutilated Warrant Certificate, or in substitution for the lost, stolen or destroyed Warrant Certificate, a new Warrant Certificate, in substantially the form of this Warrant Certificate, of like tenor and representing the equivalent number of Warrant Shares, but, in the case of loss, theft or destruction, only upon receipt of evidence satisfactory to the Company of such loss, theft or destruction of this Warrant Certificate and, if requested by the Company, indemnity also satisfactory to it.

Section 7. Reservation, Listing and Issuance of Warrant Shares.

(a) **General.** Until the Expiration Date, the Company will at all times have authorized, and reserve and keep available, free from preemptive rights, for the purpose of enabling it to satisfy any obligation to issue Warrant Shares upon the exercise of the Warrant, the number of shares of Warrant Shares deliverable upon exercise of the Warrant. The Company will, at its expense, use its best efforts to cause such Warrant Shares to be listed (subject to issuance or notice of issuance of Warrant Shares) on all stock exchanges on which the Equity Interest is listed not later than the first anniversary of the License.

(b) **Status of Warrant Shares.** The Company covenants that all Warrant Shares will, upon issuance in accordance with the terms of this Warrant Certificate, be (i) duly authorized, fully paid and non-assessable, and (ii) free from all taxes with respect to the issuance thereof and from all liens, charges and security interests, in each case created by the Company.

Section 8. Certain Adjustments.

(a) **Adjustments for Consolidation, Merger, Sale of Assets, Reorganization, etc.** In case the Company (i) consolidates with or merges into any other corporation and is not the continuing or surviving corporation of such consolidation or merger, or (ii) permits any other corporation to consolidate with or merge into the Company and the Company is the continuing or surviving corporation but, in connection with such consolidation or merger, the Equity Interest is changed into or exchanged for stock or other securities of any other corporation or cash or any other assets, or (iii) transfers all or substantially all of its properties and assets to any other corporation, or (iv) effects a capital reorganization or reclassification of the capital stock of the Company in such a way that holders of Equity Interest shall be entitled to receive stock, securities, cash or assets with respect to or in exchange for Equity Interest, then, and in each such case, proper provision shall be made so that, upon the basis and upon the terms and in the manner provided in this subsection (a), the holder of this Warrant Certificate, upon the exercise of the

Warrant at any time after the consummation of such consolidation, merger, transfer, reorganization or reclassification, shall be entitled to receive (at the aggregate Exercise Price in effect for all Shares issuable upon such exercise immediately prior to such consummation as adjusted to the time of such transaction), in lieu of Shares issuable upon such exercise prior to such consummation, the stock and other securities, cash and assets to which such holder would have been entitled upon such consummation if such holder had so exercised such Warrant immediately prior thereto (subject to adjustments subsequent to such corporate action as nearly equivalent as possible to the adjustments provided for in this Section 8).

(b) ***Notices.*** In case at any time:

(A) the Company shall declare any cash dividend on its Equity Interest;

(B) the Company shall pay any dividend payable in stock upon its Equity Interest or make any distribution (other than regular cash dividends) to the holders of its Equity Interest;

(C) the Company shall offer for subscription pro rata to the holders of its Equity Interest any additional shares of stock of any class or other rights;

(D) the Company shall authorize the distribution to all holders of its Equity Interest of evidences of its indebtedness or assets (other than cash dividends or cash distributions payable out of earnings or earned surplus or dividends payable in Equity Interest);

(E) there shall be any capital reorganization, or reclassification of the capital stock of the Company, or consolidation or merger of the Company with another corporation (other than a subsidiary of the Company in which the Company is the surviving or continuing corporation and no change occurs in the Company's Equity Interest), or sale of all or substantially all of its assets to, another corporation; or

(F) there shall be a voluntary or involuntary dissolution, liquidation, bankruptcy, assignment for the benefit of creditors, or winding up of the Company

then, in any one or more of said cases, the Company shall give written notice, addressed to the holder of this Warrant Certificate at the address of such holder as shown on the books of the Company, of (1) the date on which the books of the Company shall close or a record shall be taken for such dividend, distribution or subscription rights, or (2) the date (or, if not then known, a reasonable approximation thereof by the Company) on which such reorganization, reclassification, consolidation, merger, sale, dissolution, liquidation, bankruptcy, assignment for the benefit of creditors, winding up or other action, as the case may be, shall take place. Such notice shall also specify (or, if not then known, reasonably approximate) the date as of which the holders of Equity Interest of record shall participate in such dividend, distribution or subscription rights, or shall be entitled to exchange their Equity Interest for securities or other property deliverable upon such reorganization, reclassification, consolidation, merger, sale, dissolution, liquidation, bankruptcy, assignment for the benefit of creditors, winding up, or other action, as the case may be. Such written notice shall be given at least twenty days prior to the action in question and not less than twenty days prior to the record date or the date on which the Company's transfer books are closed in respect thereto.

All provisions are subject to addition, elimination, or revision by either party. All communications and discussions are tentative until execution of a written agreement by both parties.

(c) **Certain Events.** If any event occurs as to which the other provisions of this Section 8 are not strictly applicable but the lack of any adjustment would not fairly protect the purchase rights of the holder of this Warrant Certificate in accordance with the basic intent and principles of such provisions, or if strictly applicable would not fairly protect the purchase rights of the holder of this Warrant Certificate in accordance with the basic intent and principles of such provisions, then at the request of the holder the Company shall appoint a firm of independent certified public accountants of recognized national standing reasonably satisfactory to the holder, which shall give their opinion upon the adjustment, if any, on a basis consistent with the basic intent and principles established in the other provisions of this Section 8, necessary to preserve, without dilution, the exercise rights of the registered holder of this Warrant Certificate. Upon receipt of such opinion, the Company shall forthwith make the adjustments described therein.

Section 9. No Rights as a Stockholder. No holder of this Warrant Certificate, as such, shall be entitled to vote or be deemed the holder of Equity Interest or any other securities of the Company which may at any time be issuable on the exercise hereof, nor shall anything contained herein be construed to confer upon the holder of this Warrant Certificate, as such, the rights of a stockholder of the Company or the right to vote for the election of directors or upon any matter submitted to stockholders at any meeting thereof, or give or withhold consent to any corporate action or to receive notice of meetings or other actions affecting stockholders (except as provided herein), or to receive dividends or subscription rights or otherwise, until the Date of Exercise of Warrant shall have occurred.

Section 10. Fractional Warrant and Fractional Warrant Shares.

(a) **Fractional Warrant.** The Company shall not be required to issue fractions of Warrant or to distribute any Warrant Certificate which evidences a fractional Warrant, nor shall the Company be required to make any cash adjustment in respect of a fractional interest in a Warrant, but any person or entity entitled to a fractional interest in a Warrant may elect, during such period of time (not less than 20 or more than 90 days from the date such person or entity first becomes entitled to such fractional interest in a Warrant) as the Company shall determine, to purchase the additional fractional interest required to make up a full Warrant or to sell the fractional interest to which such person or entity is entitled. Such election shall be made on a form to be provided for such purpose by the Company. If such election is not made in the time prescribed by the Company, the fractional interest to which such person or entity is entitled shall be sold to a third party or retained as a treasury share. Upon any sale the Company shall promptly deliver to the holder of such fractional interest the proportional amount of the proceeds of such sale attributable to such holder's fractional interest. Such purchase or sale shall be effected in the manner set forth in subsection (c) of this Section 10 by the Company, acting as agent for the person or entity entitled to such fractional interest. For purposes of subsection (c) of this Section 10, the purchase or sale price of a fractional interest of a Warrant shall be the purchase or sale price for the Equity Interest that would, except for the provisions of this Section, be issuable upon the exercise of such fractional interest.

(b) **Fractional Warrant Shares.** The Company shall not be required to issue fractions of Warrant Shares upon exercise of the Warrant or to distribute certificates which evidence fractional Warrant Shares, nor shall the Company be required to make any cash adjustment in respect of a fractional interest in a Warrant Share, but any person or entity entitled to a fraction of a Warrant Share upon exercise of any Warrant may elect, during such period of time (not less than 20 or more than 90 days from the date such person or entity first becomes entitled to such fractional interest in a Warrant Share) as the Company shall determine, to purchase the additional fractional interest required to make up a full Warrant Share or to sell the fractional interest to which such person or entity is entitled. Such election shall be made on a form to be provided for such purpose by the Company. If such election is not made within the time prescribed by the Company, the fractional interest to which such person or entity is entitled

will be sold to a third party or retained as a treasury share. Upon any sale the Company shall promptly deliver to the holder of such fractional interest the proportional amount of the proceeds of such sale attributable to such holder's fractional interest. Such purchase or sale shall be effected in the manner set forth in subsection (c) of this Section 10 by the Company, acting as agent for the person or entity entitled to such fractional interest.

(c) *Certain Procedures Applicable to Purchase and Sale of Fractional Interests.*

The Company shall bill each person or entity entitled to a fractional interest in the Warrant or Warrant Shares for the cost of any additional fractional interest purchased by the Company as agent for such person or entity or shall remit to such person or entity the proceeds of the sale of any fractional interest sold by it as such agent. In the case of a purchase, the Company may sell the Warrant or Warrant Share to which such person or entity is entitled if payment is not received by the Company within 30 days after the mailing of such bill and, after deducting the amount of such bill and other appropriate charges, shall remit the balance, if any, to such person or entity. Fractional interests shall be non-transferable except by or to the Company acting as herein authorized. The Company may purchase or sell a fractional interest for an amount equal to the current value of such fractional interest computed on the basis of the market price of the Equity Interest on the Date of Exercise of the related Warrant. Purchases and sales of fractional interests by the Company may, in its sole discretion, be set off one against the other on the basis of the market price on the date of setoff.

Section 11. Registration of Warrant and Warrant Shares.

(a) *No Registration under Securities Act.* Neither the Warrant nor the Warrant Shares have been registered under the Securities Act of 1933, as amended (such Act, or any similar Federal statute then in effect, being the "Act"). The Warrant Shares will be marked with a legend similar to the one appearing on the Warrant Certificate. The holder of this Warrant Certificate, by acceptance hereof, represents that it is acquiring the Warrant to be issued to it for its own account and not with a view to the distribution thereof, and agrees not to sell, transfer, pledge or hypothecate any Warrant or any Warrant Shares unless a registration statement is effective for such Warrant or Warrant Shares under the Act or in the opinion of such holder's counsel (a copy of which opinion shall be delivered to the Company) such transaction is exempt from the registration requirements of the Act.

(b) *Compliance; Financial Information.* The Company will use its best efforts to comply with the reporting requirements of Section 13 and 15(d) of the Securities Exchange Act of 1934 (whether or not it shall be required to do so pursuant to such Sections) and will use its best efforts to comply with all other public information reporting requirements of the Securities and Exchange Commission (such Commission or any successor to any or all of its functions being the "Commission") (including, without limitation, Rule 144 promulgated by the Commission under the Act) from time to time in effect and relating to the availability of an exemption from the Act for sale of restricted securities. The Company shall furnish to Carnegie Mellon financial statements and reports relating to the Company as soon as reasonably practicable following each fiscal quarter and year until such time as the Company becomes subject to the reporting requirements of the Securities Exchange Act of 1934. The Company will cooperate with the holder of this Warrant Certificate and with each holder of any Warrant Shares in supplying such information as may be necessary for any such holder to complete and file any information reporting forms presently or hereafter required by the Commission as a condition to the availability of an exemption from the Act for the sale of restricted securities.

(c) *"Piggyback" Registration.* Whenever the Company proposes to file under the Act a registration statement relating to a public offering of its Equity Interest that includes Shares held by stockholders of the Company (other than a registration statement required to be filed in

respect of employee benefit plans of the Company on Form S-8 or any similar form from time to time in effect or pursuant to subsection (d) of this Section 11), the Company shall at least fifteen days prior to such filing give effective written notice of such proposed filing to the registered holder of each Warrant or Warrant Share. Upon receipt by the Company not more than fifteen days after such effective notice of a written request or written requests from one or more of such holders for registration of Warrant Shares, the Company shall include in such offering a pro rata portion of the Warrant Shares as to which such holder or holders request such inclusion, on terms and conditions comparable to those of the securities offered on behalf of the Company and the other stockholders whose shares are included in such registration.

(d) ***Other Provisions Relating to Registration Rights.*** In connection with any registration pursuant to this Section 11:

(i) ***Duration of Effectiveness of the Registration Statement.*** The Company shall not be required to maintain the effectiveness of any registration statement under subsection (c) of this Section 11 for a period in excess of six months or, in the case of any registration statement under subsection (c) of this Section 110 filed on a Form S-3 Registration Statement under the Act, for a period in excess of twelve months, or in the case of an underwritten offering, such longer period as may be required by the Act to enable the underwriters to complete such offering.

(ii) ***Certain Documents to be Provided by the Company.*** The Company will furnish to each holder of a Warrant or Warrant Shares (A) at least seven days prior to the filing thereof with the Commission, a copy of the registration statement in the form in which the Company proposes to file the same with the Commission and, not later than the effective date thereof, a copy of any and all amendments to such registration statement, (B) within five days of the filing thereof with the Commission, a copy of any and all post-effective amendments to such registration statement, and (C) at the request of any such holder, a reasonable number of copies of a preliminary prospectus and a final prospectus (each of which shall, as of their respective dates, comply with Section 10 of the Act and shall not, as of such dates, include an untrue statement of a material fact or omit to state a material fact required to be stated therein or necessary to make statements therein not misleading) covering the offering and sale by such holders of the Warrant Shares to be covered thereby as aforesaid.

(iii) ***Stop Order.*** The Company will advise each of such holders of the entry of any stop order suspending the effectiveness of such registration statement or of the initiation of any proceeding for that purpose, and, if such stop order should be entered, use its best efforts promptly to cause such stop order to be lifted or removed.

(iv) ***Required Amendments and Supplements to the Registration Statement.*** For such period of time (not exceeding the maximum period of time for which the Company is required to maintain the effectiveness of such registration statement) as any of such holders may be required by law to deliver a prospectus in connection with a sale of any Warrant Shares pursuant to such registration statement, if any event shall occur as a result of which it is necessary to amend or supplement the prospectus forming a part of such registration statement in order to correct an untrue statement of a material fact, or an omission to state a material fact necessary to make statements therein, in the light of the circumstances existing when such prospectus is delivered to a purchaser, not misleading or if it is necessary to amend or supplement such prospectus to comply with any law, the Company will forthwith prepare and furnish to each of such holders a reasonable number of amended or supplemented prospectuses so that statements in the prospectuses as so

amended or supplemented will not, in the light of the circumstances then existing, be misleading, or so that such prospectuses will comply with law.

(v) ***Blue Sky Compliance.*** The Company will use its reasonable best efforts to qualify, file or register the Warrant Shares being registered under the securities laws of such states of the United States of America as may be reasonably designated by the holders of Warrant or Warrant Shares and to obtain the consent, authorization or approval of any governmental agency (other than any such consent, authorization or approval required under any statute or regulation applicable to any such holders and not applicable to investors generally) required in connection with the issuance of the Warrant Shares being registered or in order that such holders may publicly sell the Warrant Shares covered by such registration statement.

(vi) ***Expenses.*** All fees, disbursements and expenses incurred by the Company in connection with the registration pursuant to subsection (c) of this Section 11, and all reasonable fees and disbursements of one counsel for the holders of a Warrant or Warrant Shares, shall be borne by the Company, including, without limitation, all registration and filing fees, all costs of preparation and printing (in such quantities as the holders of a Warrant or Warrant Shares may reasonably request) of any registration statement and related prospectus and any amendments or supplements thereto, all fees and disbursements of counsel for the Company, the expenses of complying with applicable securities or blue sky laws, and all costs in connection with the preparation and delivery of such legal opinions, auditors' comfort letters or other closing documents as the holders of a Warrant or Warrant Shares shall reasonably request.

(vii) ***Indemnity.*** The Company will indemnify and hold harmless each holder of a Warrant or Warrant Shares and any underwriter (as defined in the Act) for such holder and each person or entity, if any, who controls such holder or underwriter within the meaning of the Act, against any losses, claims, damages, liabilities, costs or expenses, joint or several, or actions in respect thereof to which such holder or underwriter or controlling person or entity may become subject under the Act, or otherwise, insofar as such losses, claims, damages, liabilities, costs, expenses or actions in respect thereof arise out of, or are based upon, or are related to, any untrue statement or alleged untrue statement of any material fact contained in any registration statement under which Warrant Shares of or pertaining to such holder were registered under the Act, any preliminary prospectus, amended preliminary prospectus, or final prospectus contained therein, or any amendment or supplement thereto, or arise out of, or are based upon, or are related to, the omission or alleged omission to state therein a material fact required to be stated therein or necessary to make the statements therein not misleading, and will reimburse such holder or underwriter or controlling person or entity for any legal or other expenses reasonably incurred by them in connection with investigating or defending any such loss, claim, damage, liability or action; provided that to the extent that any such loss, claim, damage or liability arises out of, or is based upon, an untrue statement or alleged untrue statement or omission or alleged omission made in said registration statement, said preliminary prospectus, said amended preliminary prospectus or said final prospectus or any said amendment or supplement in reliance upon, and in conformity with, written information furnished to the Company in an instrument duly executed by such holder or by any underwriter for such holder specifically for use in the preparation thereof, the Company will not be so liable to such holder or underwriter.
