The Major in Philosophy is intended to be flexible and to facilitate additional majors in other fields (including majors with a strong professional focus). It provides students with a broad humanities education and sharpens their analytical skills. Students are encouraged to choose a thematic concentration through their electives, such as: Pre-Law, Metaphysics and Epistemology, Ethics & Social Philosophy, or Philosophy of Mind. However, alternative emphases can be proposed and approved by the Director.

This is a suggested schedule for the first 2 years for a Primary Major. It is also available as an Additional Major and Minor.

The remainder of the Major and GenEd can be completed in the junior and senior year.
