Education

I am in a five year program and will be awarded a Masters degree. Do I enter this in the Undergraduate or Graduate section of Colleges/Universities?
This information should be entered in both sections.

What format do I use to enter my GPA and College/University Point System?
Please enter your GPA exactly as given by your College/University, e.g. 3.5, 4.9, 9.6, etc. In the box to right indicate the Point System that your College/University uses, e.g. 4.0, 5.0, 10.0, etc.

What should I enter in the "Class Rank" field? If you would like to give us your rank within your department or university, enter it here. For example, you could enter "2nd of 109 students in Computer Science Department", or "45 of 1450 students in School of Engineering". The response here should preferably be short. If you want to give us more details about your ranking, please give it in the Resume. Remember that this is an optional field, and you should feel free to leave it blank, if you do not have this information, or if you do not wish to share it.
How many transcripts should I send?
Please mail ONE official copy only of your transcript from each college or university attended, whether or not you received a degree. If you submit a transcript from a foreign country, you must include an English translation. Do NOT send copies of awards and certificates with the transcript. You may mail the transcript yourself, if it is in a signed and sealed envelope from the university, or you may have your university mail it directly. You are also required to upload a copy of your transcripts in the online application.

What happens if my transcripts or test scores arrive before my application?
All supporting documents that arrive before you submit your application will be kept on file. Please note that transcripts will not be marked as received in your online application until you have actually submitted your application. They must be matched and updated manually.

I have requested my transcripts and test scores be sent, but my application has not been updated.
NOTE: Official Transcripts and some academic scores must be matched and updated manually, which may take several days once you submit your application.

Where do I mail my transcripts?
If your College or University issues only hard copies of your transcript, please use the address below.

Department of Modern Languages
Carnegie Mellon University
Baker Hall Room 160
Pittsburgh, PA 15213-3891 USA
Attention: Vera Lampley Graduate Programs

Send electronic copies of your transcript to ModernLangGradmail@andrew.cmu.edu

If your transcript is not in English please provide a translated copy with the original.

Resume and Statement

If I am applying to two programs, can I submit a different Statement of Purpose for each program?
Yes.

I have already uploaded my Resume/Statement of Purpose, but now I have made revisions and would like to submit the new version. What should I do?
You can simply upload the new Resume/Statement of Purpose, even if your application has been submitted. It will override the original one. However, you may not make any changes to your application after the application deadline.
**Recommenders**

My recommenders have not received the email requests or the reminder emails that were sent. What should I do?

First, make sure that you typed the correct email address, and then ask them to check their spam filters. If the email cannot be found, please ask them to send their letters in pdf format to

[ModernLangGradmail@andrew.cmu.edu](mailto:ModernLangGradmail@andrew.cmu.edu) They must put: Upload recommendation letter for (your name) in the subject line. Uploads will not be completed here until early January. Remember that our offices are closed from December 23-January 6. We appreciate your patience.

If I submit an online application, can my recommenders use the paper recommendation form?

No. Recommenders must submit their letters online. Contact [ModernLangGradmail@andrew.cmu.edu](mailto:ModernLangGradmail@andrew.cmu.edu) if a recommender is having problems uploading the form.

What should I do if the deadline is approaching or has passed and one or more of my recommenders has not submitted their recommendation?

You may send a reminder notification to your recommender via your Application Status Page from your submitted application. It is your responsibility to make certain that the letters are submitted by the application deadline. Applications without three letters of recommendation not received by the deadline may not be considered.

What if I want to submit more than three letters of recommendation?

Three letters of recommendation are required; however, space is provided for you to submit up to five. At least two should be from faculty or recent employers. Recommenders should know you relatively well and be able to evaluate the quality of your previous work.

Who should I ask to write letters of recommendation for me?

The admissions committee wants to know about your ability to do independent research. You should select letter writers who can best speak to that point. Professors who interacted with you extensively in smaller classes are also a good choice. Employers are sometimes appropriate, but letters that are simply character references will not provide good support for your application.

My recommenders have not submitted their letters. Can I submit my application before they submit? Yes. Do not wait for the letters before submitting your application. Recommenders have a longer period of time to submit their letters.

**Supplemental Information**

I have a paper that has not been submitted for publication or was not accepted for publication, but I would still like for the committee to consider it in my application. Should I list it here?
Yes. However, published papers are viewed more favorably in the admissions process.

The deadline has passed, and I have just received notice that a paper listed on my application has been accepted for publication. How can I add this information?
You will still have access to update these documents in your application via the Application Status Page. Login and update your publication, even after the deadline. If you have any issues uploading your new document, please contact ModernLangGradmail@andrew.cmu.edu.

Application Status

How and when will I be notified if I am admitted?
Our Admission Committee reviews applications during the months of January and February. You will be notified directly not later than March 15 as to whether or not you have been admitted. We realize that waiting is very difficult. However, we request that you do not call our offices to inquire about the status of your application.

How do I track the status of my application?
Please do NOT send email to ask the status of your application. Use your email address and password to access the Application Status Portal. Receipt of the required documents (score reports, transcripts, and letters of recommendation) will be indicated in the corresponding section. Please allow two to three weeks past the deadline for all documents to be recorded. We receive a large volume of mail, and it does take time to process each application. Our offices are closed during the Christmas and New Year holidays (Dec. 23 - Jan. 6) which may further delay processing.
