

STATISTICS & DATA SCIENCE

MAJORS

- B.S. in Statistics
 - Mathematical Track
 - Neuroscience Track
- B.S. in Economics and Statistics
- B.S. in Statistics and Machine Learning

Minors

- Statistics

Internship Opportunities

Students have secured internships at many organizations and companies, like:

- BNY Mellon
- Capital One
- Facebook
- Highmark Health
- Microsoft

Good Courses for Exploring Statistics & Data Science

- 36-225 Introduction to Probability Theory
- 15-112 Fundamentals of Programming and Computer Science
- 73-102 Principles of Microeconomics

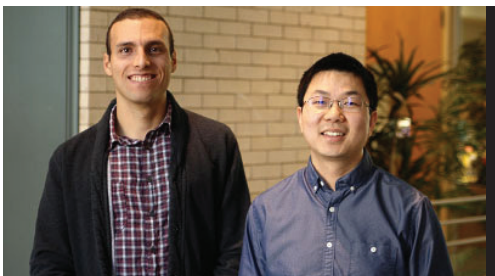

Career Paths

Here are just a few of the most common job titles graduates have gone on to:

- Consultant
- Data Analyst
- Data Scientist
- Software Analyst
- Software Engineer

Fun Fact!

The Department of Statistics & Data Science is top-rated and one of the fastest growing programs of its kind.

Carnegie Mellon University
Dietrich College of Humanities
and Social Sciences
