University Housing Accommodation Request Form

Students with disabilities or medical conditions that require special housing accommodations in on-campus residence halls may request such accommodations by completing this document and securing appropriate documentation from a licensed medical or mental health professional. Accommodations are intended to provide students with reasonable support for their diagnosed condition.

Please complete the following sections of this form and submit to the Office of Disability Resources:

- Section 1: Application for Housing Accommodations
- Section 2: Authorization to Release Information

Please have a relevant, licensed medical or mental health professional complete the following section of this form:

- Section 3: Documentation of Accommodation Needs, attaching supplementary medical information as needed.

The student must currently be in treatment with the medical or mental health professional.

Procedures for Housing Accommodation Requests

1. Student and their medical or mental health professional should complete and return the University Housing Accommodation Request Form (attached). Students should send forms to:

Office of Disability Resources	Phone: 412-268-6121
4980 Margaret Morrison St.	Fax: 412-268-2583
Pittsburgh, PA 15213	Email: access@andrew.cmu.edu
2. Disability Resources will review the documentation to determine whether the requested accommodations are reasonable. Accommodations will be developed to meet the student's medical needs and ensure their equal access to university housing. The accommodations granted may not be identical to those requested by the student but will meet their medical needs as documented by their medical or mental health provider.
3. If clarification is needed on any information in order to evaluate requested accommodations, the Office of Disability Resources will engage in an interactive process, seeking clarification from the student and/or their medical or mental health professional as appropriate. University Health Services and/or Counseling and Psychological Services staff may be called upon by Disability Resources to serve in a consultative role as needed, to provide additional information about the diagnosed condition(s).
4. Food Allergies: It is expected that students who are required to purchase a meal plan and are requesting housing accommodations due to food allergies will also complete the Special Dining Needs form on the [Dining Services Website](#). To ensure that we can evaluate your allergy-related housing and dining needs, you must complete the Special Dining Needs form by May 25th, along with this Housing Accommodation Form. The medical information provided through submission of the Special Dining Needs form should match the medical information provided on the Housing Accommodations Form.

Deadline: Incoming students matriculating in the fall should submit request forms for housing accommodations by May 25th. Current students requesting new housing accommodations should submit request forms by February 1st for fall, or October 1st for spring. While Disability Resources will make every effort to review request forms and documentation that are submitted after the deadline, they are unable to guarantee that accommodation requests will be met if the requests are received late. Please note that by submitting the University Housing Accommodation Request Form, the student is opting out of the regular housing selection process.

Section 2: Authorization to Release Information (To be completed by the Student)

Completing this section will authorize the Office of Disability Resources or other Carnegie Mellon employees acting on behalf of the Office of Disability Resources to contact your diagnosing/treating professional to discuss any questions or request clarification.

Authorization to Release Health Care Information: I authorize the provider listed below to release information related to my request to the Office of Disability Resources, for the purpose of an accommodation to my housing assignment because of a disability or chronic health condition; And to discuss this request with the Office of Disability Resources, if necessary. Information released could include my diagnosis, functional limitations, treatment history, and/or prognosis.
