# Accessing Safety Data Sheets (SDS)

1. Log to SciSure through EHS web site

SciSure - Scientific Management Platform

Whether you work in a laboratory, shop area, art studio, maker space, or in a student government allocated space (UCAB) , EHS wants to help you meet all of your safety needs.
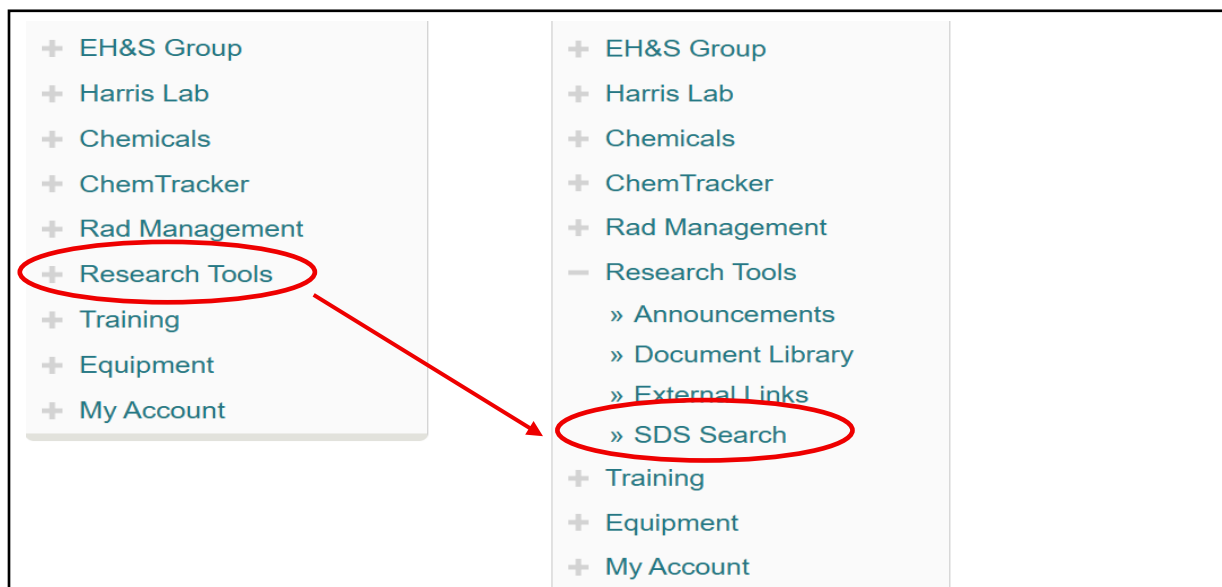

SciSure software will assist in meeting your safety and compliance needs including:

- Training courses and information
- Lab/space inspections
- Document management

SciSure (Formerly BioRAFT and ChemTracker)

LOGIN REQUIRED

2. Click on "Research Tools" on the left side of the screen
3. Choose "SDS Search"
