MARCH 19-21, 2024

CARNEGIE MELLON UNIVERSITY
PITTSBURGH, PA

CMU Energy Week convenes experts, key influencers, students, corporate executives, and entrepreneurs from business, government, media, non-governmental organizations and academia for a facilitated dialogue on how to advance energy technologies and innovations around the world. The week will consist of keynote talks, an investor forum, panel discussions, energy technology competitions, an energy career fair, and networking events.

Hosted by **Carnegie Mellon's Wilton E. Scott Institute for Energy Innovation**, CMU Energy Week 2024 will bring energy and sustainability leaders, including scholars, investors, and entrepreneurs, from across the nation to Carnegie Mellon University to combine forces and exchange ideas on the best paths to decarbonizing transportation.

Key Events Planned for 2024:

- **March 19:** CMU Energy Industry Career Fair, Tepper Cleantech Case Competition, Energy Industry & Student Happy Hour
- **March 20:** Kickoff, Keynotes, Panels, Student Research Poster Competition, VIP Lunch & Evening Networking Reception
- **March 21:** VIP Breakfast, CMU Energy + Cleantech Investor Forum, CMU Energy Showcase, Cocktail Reception
