

greening your commute

carpools and shuttles

Save money and the environment by commuting with co-workers. Try cmu's zimride or hop on a cmu shuttle. Visit commuteinfo.org for more information.

public transportation

CMU faculty and staff have access to free port authority transport. Take the bus, or try the T instead.

bike to work

Skip the traffic and bike to work. Then, park your bike at one of the numerous bike racks around campus.

video conference

When possible have video conferences instead of commuting, it saves money and time not to mention it reduces your carbon footprint.

travel offsets

When you must fly or commute long distances for work purchase a travel offset. Invest in the future and support an emission reduction program.

scotty takes walks.
