

waste and water

The energy we waste using bottled water would be enough to power 190,000 homes. Last year, the average American used 167 disposable water bottles, but only recycled 38.⁽¹⁾

(1) <http://www.banthebottle.net/bottled-water-facts>

make the switch to reusable water bottles

eliminate five gallon water jugs

use bulk water dispensers instead of bottled water at events and lunches

install a point of entry filtration system in your office

scotty drinks tap.
