

SUSTAINABILITY AT CMU

CAMPUS INITIATIVES:

Carnegie Mellon University's Sustainability Initiative

cmu.edu/sustainability

Focus includes education, research, and practice in building environmentally sustainable, peaceful, just and inclusive communities.

CMU Green Practices

cmu.edu/environment/

Advancing operational sustainability across all aspects of university support services and offering programming to foster a campus culture of environmental sustainability.

EDUCATION AND RESEARCH:

Scott Institute for Energy Innovation

cmu.edu/energy/

Addressing the world's most pressing energy challenges by enabling collaborative research, strategic partnerships, policy outreach, entrepreneurship, and education.

Steinbrenner Institute for Environmental Education and Research

cmu.edu/steinbrenner/

- Undergraduate program in [Environmental and Sustainability Studies](#) with both a minor and an additional major for students with any primary major across campus.
- Offer Steinbrenner Environmental Education Development grants to faculty, staff and students to fund innovative sustainability projects on the CMU campus.

GET INVOLVED:

SEED Leadership Program

https://tartanconnect.cmu.edu/seed/club_signup

Are you an undergraduate or graduate student at CMU with a green practices project idea? Join our network of campus sustainability leaders!

CMU's Green Practices Committee

cmu.edu/environment/get-involved/committee

Meetings are open to administrators, staff, faculty, and students having the common goal to "develop university practices that improve environmental quality."

Sustainable Earth

<https://cmusustainableearth.com/>

Carnegie Mellon's environmental advocacy club aims to network with other organizations, on and off-campus, who are interested in strengthening environmental initiatives in Pittsburgh.
