# **S3 Persistence Management User Guide** Condensed Version for Spring 2021 Preparation

Carnegie Mellon University Enrollment Services

Updated November 17, 2020

The Persistence Management screens offer information about students who are separated from the university and are expected to return in a future semester.

The following authorized S3 user types can access this information:

- Associate Deans
- Assistant Deans
- Student Affairs Contacts, both College Liaisons and Housefellows
- Senior Student Affairs Professionals
- Enrollment Services Staff

As part S3 MyCommunity, the goals of the persistence screens are to:

- 1. Improve the opportunity for shared responsibility for retention and persistence efforts
  - Create a current and centralized list of students to engage regarding retention
  - Easier to "work the lists" through active student outreach and collaboration with other student support colleagues
- 2. Inform other student support colleagues via S3 Memos features
  - S3 Memos are woven into the persistence screens allowing for notifications and task assignment
- 3. Dynamically update data on students separated from the university
  - Users can view and update each student's return status, as information is obtained

The persistence screens allow users to do the following:

- Access an up-to-date roster of separated students
  - Users will only be able to view the students which they are already authorized to view in S3 (i.e., an associate dean in CFA will only see CFA students from the persistence cohort)
- Filter and sort the roster for case management
- Navigate from the S3 roster to individual student records
- Add memos to a student's record with updates related to the separation and the plan to return (or not return)
- Use the information to appropriately make or request updates to a student's record including information about planned returns or to permanently exit a student who does not plan to return (i.e., complete withdrawal process)

### Get Started

Student		Student Accounts Campus Life
<b>Post Office</b> » Mailbox Maintenance	Athletics » Athletic Roster	Student Affairs » Greek Roster » Persistence Management » Advising Roster
The HUB » Traffic Report	Admission » Find an Admission Overnight Visitor	Memos » Find a Memo

To get started, select the Campus Life tab in your S3 Admin <sup>4</sup> Console and click the Persistence Management link.

**Carnegie Mellon University** S3 Persistence Management User Guide

### Find a Cohort

Student	Student Accounts Campus Life S
Persistence Management	e fr
PERSISTENCE COHORT LAST NAME(%) FIR	ST/PREFERRED NAME(%) USER ID P
COLLEGE CLA Semester 2 CLA	ISS REASON
NOTE: % character can b F17 - Fall 2017 F16 - Fall 2016 S16 - Spring 2016 F15 - Fall 2015 S15 - Spring 2015	Find Clear S
F14 - Fall 2014 S14 - Spring 2014 F13 - Fall 2013 S13 - Spring 2013 F12 - Fall 2012	e c
S12 - Spring 2012	S
Select Cancel	P

Select a semester from the dropdown menu for the Persistence Cohort that you wish to view.

When students separate from the university, or their <u>enrollment status</u> changes to certain select criteria, they are added to the Persistence Cohort for that semester.

Note: Visiting/Non-Degree students are not included in Persistence Cohorts. Persistence Cohorts will only include Pittsburgh-campus undergraduate and graduate degree-seeking students.

You can filter the cohort by selecting additional categories.

**TIP:** <u>View a listing of S3 codes and</u> <u>descriptions</u> for enrollment statuses. Enrollment status codes for separations are LA, LS, S1, S2, S3, S4 and W1. An R3 enrollment status is used when the student is eligible to return.

阑 🖪 1 of 1 Pages 🕨 阑 of 9 matches found.

ENR STATUS indicates the student's enrollment status for the NEXT SEM semester.

Note: The ENR STATUS and NEXT SEM columns will be updated during the next scheduled S3 release in early December 2020.

You can sort your results by clicking on any of the column headings.

### Click on a student's name to navigate directly to that student's record.

**Carnegie Mellon University** | S3 Persistence Management User Guide

### Initial Steps to Take

To prepare students who may be returning for the spring 2021 semester, **we recommend reviewing and contacting students in each priority persistence cohort.** Doing so will help support their return and persistence to graduation.

#### If a student plans on continuing their separation...

update the reason for their leave and expected semester of return on their persistence record (see Edit Reason for Leave on page 11 of this guide)

#### If a student plans on returning...

update their expected semester of return and ask that they complete and submit a <u>Petition to Return</u> from Leave of Absence form (pdf) (ideally, prior to registration, which begins Nov. 30)

#### If a student has decided to withdraw from CMU or has transferred to another institution...

update their expected semester of return to "Return Not Expected" and ask that they complete and submit a <u>Withdrawal form (pdf)</u> (you may also complete and submit this form on their behalf)

#### In all cases in which you engage with a student...

update the Last Contact Info with your information and the date of the contact (see Add Last Contact on page 12 of this guide)

Be sure to select the semester for which you wish to view information about the student, as they may be included in a Persistence Cohort for multiple semesters.

There are a number of actions you can take on a student's persistence record - some actions automatically insert a memo and some do not.

### Edit Reason for Leave

Clicking the Edit Reason button will allow you to edit the reason for the student's leave, as well as the expected return date or situation.

A memo **is** automatically inserted when the reason for leave and/or expected return information is updated.

**TIP:** If you learn that a student is going to withdraw from the university, the student will need to complete/submit a Withdrawal form in order for the withdrawal to happen officially. Similarly, if you learn that a student will return, the student will need to complete and submit a Petition to Return from Leave of Absence form. Learn more about these processes on <u>The HUB</u> <u>website</u>.
