S3 ADMIN CONSOLE – SUMMARY OF RELEASE #1   August 26, 2011

> Release #1 represents the long-anticipated start of the gradual conversion of all SIS (Student Information System) screens to the new S3 (Student Services Suite) platform. Release #1 functions include simple and advanced search features for individual students and courses, student screens including a summary screen with the student's photo, and view-only course screens. S3 users will become accustomed to the tab-based navigation and unique icons with helpful functionality. New users should reference the S3 QuickStart Guide for basic "how to" instructions. At this time, no SIS screens have been retired.
