

Release #100 included emergency modifications to Student Information Online (SIO) to limit verification requests to PDF-only while the University offices are closed, and work to ensure the graduation cap on the enter-grades screen displays correctly for students with more than one degree.

New users are encouraged to review the [S3 QuickStart Guide](#) and the [Web Tutorial](#) section for basic instructions.

Release Highlights

Cross-Cutting

- As part of the COVID-19 campus response, made modifications to SIO whereby student-initiated verifications may only be produced as a pdf
- Created an automated process for precollege forfeits to increase efficiency and accuracy.

Admission

- Resolved an issue where applicants were unable to log in to their online portal and view their application status if Powerfaids was down.
- As part of the COVID-19 campus response, made adjustments to the Where Am I in the Process applicant-portal that will help with the waitlist process.

Registrar

- **Feature Item:** Modified course section types to match the new budget model that becomes effective in Fall 2020. This included:
 - Retiring some existing section types
 - Creating new section types
- Ensured the graduation cap on the enter-grades screen displays correctly for students with more than one degree.

Student Accounts

- Resolved an email error that occurred when sending a Notice of Return email from National Automated Clearing House Association (NACHA)

Coming in the Next Six Months...

- Emergency work for the p/np policy implemented for the Spring 2020 semester
- The first phase of the MyCommunity project continues, which includes:
 - A wider range of advisor roles will be able to be assigned to students, such as First Year Advisor and Faculty Advisor
 - The ability for S3 users to assign, update, and remove advisors via a CSV upload
