

Release #115 included improvements to the Planned Schedule view in Student Information Online (SIO), and both the Planned Schedule and Semester Schedule calendar views in the Admin Console, to better display courses with various start and end times.

New users are encouraged to review the [S3 QuickStart Guide](#) and the [Web Tutorial](#) section for basic instructions.

Release Highlights

Cross-Cutting

- Fixed an issue in Student Information Online (SIO) that prevented students from being able to view instructor information on the Contacts page on a mobile device
- Made improvements to the Planned Schedule view in SIO to better display courses with various start and end times

Registrar

- Made improvements to the Planned Schedule and Semester Schedule calendar views in the Admin Console to better display courses with various start and end times
- Fixed an error that occasionally occurred on the S3 home page

Coming in the next six months to one year...

- Continued additions and changes in the S3 Suite to support the university's response to COVID-19
- Modifications to the Voucher process to incorporate recent policy changes
- The ability to assign a wider range of advisor roles to students, such as First Year Advisor and Faculty Advisor
