Release Highlights

Cross-cutting

- Modified some of the descriptive text used in Student Information Online (SIO) and the S3 Admin Console
- Fixed an error sometimes encountered by students when trying to add certain types of addresses to their SIO
- Fixed an issue in SIO where some labels on the screen overlapped when viewed on a mobile device

Registrar

- Modifications to the Add Course process to account for business process adjustments required for the department code changes recently made in the Tepper School of Business

Coming in the next six months to one year…

- Continued additions and changes in the S3 Suite to support the university's response to COVID-19
- The ability to assign a wider range of advisor roles to students, such as First Year Advisor and Faculty Advisor
