STUDENT SERVICES SUITE – SUMMARY OF RELEASE #124   March 3, 2022

Release #124 included significant changes to the underlying data structure that support the goal of having more flexible S3 Suite release options in the future.

New users are encouraged to review the [S3 QuickStart Guide](#) and the [Web Tutorial](#) section for basic instructions.

Release Highlights

Cross-Cutting

- Included significant changes to the underlying data structure that support the goal of having more flexible S3 Suite release options in the future
- Fixed a rare error where a user attempting to mistakenly log in to Student Information Online (SIO) would erroneously see a random student's name on the screen

Student Accounts
- Resolved an intermittent error that was occurring on the Student Account Activity page

Admission
- Improved the handling of non-ascii characters in the "Where am I in the Process" application used by applicants to view their Admission information

Coming in the Next Six Months…

- Required changes to meet updated NACHA regulations
- Expanded functionality for Undergraduate Admission due to new types of tests being accepted by the university and changes to score requirements
- The ability for S3 users to assign, update, and remove advisors via a CSV upload
