

STUDENT SERVICES SUITE – SUMMARY OF RELEASE #136

April 6, 2023

Release #136 corrected an error that prevented a small number of students from being able to view their diploma prototype in Student Information Online (SIO).

New users are encouraged to review the [S3 QuickStart Guide](#) and the [Web Tutorial](#) section for basic instructions.

Release Highlights

Cross-Cutting

- Corrected an error that prevented a small number of students from being able to view their diploma prototype in SIO

Undergraduate Admission

- Added the Bachelor of Engineering and Arts as a major that can be selected when converting an admitted applicant from a prospect to a degree-seeking student
