

New users are encouraged to review the [S3 QuickStart Guide](#) and the [Web Tutorial](#) section for basic instructions.

Release Highlights

Cross-Cutting

- Improved S3 so that if a space is included before or after the text entered into various search fields in the application, the search will no longer fail for the user
- Continued work to make the S3 Admin Console more accessible to all

Student Accounts Office

- Improved the language in some billing emails to make them more inclusive.

Undergraduate Admission

- Updated screens and access to account for the former Dean of Undergraduate Admission's retirement
