

Release 154 Introduced improved functionality when instructors add and remove course proxies.

New users are encouraged to review the [S3 QuickStart Guide](#) and the [Web Tutorial](#) section for basic instructions.

Release Highlights

Cross-Cutting

- Resolved an issue encountered when exporting a student's schedule from Student Information Online (SIO) using Safari

Registrar

- Introduced improved functionality when instructors add and remove course proxies

Undergraduate Admission

- Removed S3's PowerFairs connections from Prospect screens that are no longer in use in S3
