Carnegie Mellon University

S3 ADMIN CONSOLE

STUDENT SERVICES SUITE – SUMMARY OF RELEASE #159   May 15, 2025

Release 159 Introduced a new screen in S3 that enables the Student Accounts Office to more effectively manage fee applications for different student populations, and also expanded the ability for advisors to view and update their advisees' records.

New users are encouraged to review the S3 QuickStart Guide and the Web Tutorial section for basic instructions.

Release Highlights

Cross Cutting

- Updated the Graduation and Diploma page in Student Information Online (SIO) to prevent the saving of non-English characters in diploma addresses
- Corrected an issue where some people encountered an error when trying to leave a screen where they didn't have access

Registrar

- Expanded the ability for advisors to view and update their advisees' records
- Created a notification for when a student's current-semester advisor information is updated on the degree declaration screen during a period when future semesters are not automatically updated

Student Accounts Office

- Introduced a new screen in S3 that enables the Student Accounts Office to more effectively manage fee applications for different student populations
