

Release #31 introduced new functionality for course information and the Persistence application.

New users are encouraged to reference the [S3 QuickStart Guide](#) and the [Web Tutorial](#) section for basic “how to” instructions.

## Release Highlights

---

- Registrar’s Office
  - Course tab changes
    - Added ability to generate CSV file for course roster, course drops, and waitlist
    - Moved links within Registration tab into Sections tab for improved navigation
    - Faculty will receive daily emails (after Tenth Day) with a list of students who have add/drop/waitlist/withdrawal activity in their course section
- Campus Life
  - *Persistence* application integrated into the S3 Admin Console
  - Updated SIO’s Health Insurance page to incorporate switching to Aetna® insurance
- Student Accounts
  - Updated student invoice template for Pittsburgh, Qatar, and Australia

### Additional Changes:

- ✓ Added a hotkey (Esc + a) to add a new degree on Degree Declaration page
- ✓ QuickSearch and Find a Prospect/Student/Course pages now ignore extra space at the end of search criteria

## Coming in the Next Six Months...

---

- Continued development and screen enhancements for the Registrar’s Office, Student Accounts Office, and the Office of Undergraduate Admission
