STUDENT SERVICES SUITE – SUMMARY OF RELEASE #37 December 12, 2014

Release #37 introduced new functionality for the Student Accounts Office.

New users are encouraged to reference the S3 QuickStart Guide and the Web Tutorial section for basic "how to" instructions.

Release Highlights

- Student Accounts
    - Payroll Deduction (*will be available for use in early 2015)*
        - View detailed information for departmental coverage and total/remaining deductions
        - Manage a student's status and process transition loans

Additional updates:

- ✓ Improved Unofficial Academic Records Generation to include the correct population of students within a college or department
- ✓ Changed Unofficial Academic Records Generation to exclude students who are no longer at the university
- ✓ Added TOEFL subscore information on Prospect Decision page
- ✓ Added an updateable Potent Entry field on the Add Inquirer page

Related Functionality Not Yet Released

- S3 Services/Batch Conversions: Authentication, potential college honors, QPA update, financial aid award letters, billing and aging, etc.

Coming in the Next Six Months…

- Conversion of remaining screens and batch processes to meet Cutover deadline of June 2015
- Limited S3 suite screen enhancements
