

Release #41 introduced new functionality and infrastructure to allow for zero downtime deployments. New users are encouraged to reference the [S3 QuickStart Guide](#) and the [Web Tutorial](#) section for basic “how to” instructions.

### Release Highlights

---

- Clustered S3 Servers
  - Provides the ability to perform "zero downtime deployments"
  - Regular S3 maintenance and updates can be completed with little to no user interruption

#### Additional changes:

- ✓ Improved behavior for determining when course information can be updated
- ✓ Changed sort order of student lists (i.e. course roster, course drops, etc.) to sort by preferred names instead of first name

### Coming in the Next Six Months...

---

- Conversion of remaining processes to meet Cutover deadline of June 2015
- Limited S3 suite screen enhancements
