

STUDENT SERVICES SUITE – SUMMARY OF RELEASE #48

October 1, 2015

Release #48 introduced a variety of small-scale improvements and fixes for the S3 Admin Console and SIO applications. New users are encouraged to reference the [S3 QuickStart Guide](#) and the [Web Tutorial](#) section for basic “how to” instructions.

Release Highlights

- Continued implementation of necessary changes in order to accept new SAT/ACT score formats from the College Board and ACT in November 2015
- Integrated new functionality with external software partner, FolderWave, for Undergraduate Admission event registration
- Modified course registration logic to prevent adding more students to recitation sections than can fit in the corresponding lecture classrooms
- Added Course Roster Help Guide PDF on Faculty Course & Grade Info page

Coming in the Next Six Months...

- Turn Tartan Overnight administrative application modernization
- Additional functionality on Admission Case Management page
- Presidential Scholar and Pell Eligibility indicators for Admission applicants
- Continued development and screen enhancements for the Registrar’s Office, Student Accounts Office, and the Office of Undergraduate Admission
