

Release #50 introduced new features for the Office of Undergraduate Admission.

New users are encouraged to reference the [S3 QuickStart Guide](#) and the [Web Tutorial](#) section for basic “how to” instructions.

Release Highlights

- Admission
 - **FFP Feature Item:** Users can now filter data within a column on Case Management page
 - **FFP Feature Item:** Improved integration with FolderWave to allow for prospect record creation
 - **FFP Feature Item:** Modified applicant login process on *Now That I’m Admitted* website
 - Improved record matching capability for SAT/ACT scores processing

Additional Changes:

- ✓ Added Write-off and Reclaim functionality for Student Accounts Office
- ✓ Addressed issue with determining mailbox eligibility
- ✓ Modified how ROTC courses are displayed on transcripts

Coming in the Next Six Months...

- Automatic deposit processing for admitted undergraduate students
- New S3 page to allow scores to be reviewed and manually assigned to prospects
- Improvements to 1098-T processing for Student Accounts Office
- Continued development and screen enhancements for the Registrar’s Office, Student Accounts Office, and the Office of Undergraduate Admission
