

Release #53 introduced new features for the University Registrar's Office.

New users are encouraged to reference the [S3 QuickStart Guide](#) and the [Web Tutorial](#) section for basic "how to" instructions.

## Release Highlights

---

### Registrar

- **FFP Feature Item:** Complete course cross-list information displayed on Section Details page
- **FFP Feature Item:** Academic Offering Maintenance
  - Involved significant changes to underlying relationship between degrees, majors, class level, and programs to allow for data validation
  - Added new Academic Offering Maintenance page to Registrar module

### Additional Changes:

- ✓ Improved load time on Student Summary page
- ✓ Added applicant decision information to Admission BOND Management and Case Management pages
- ✓ Made various small improvements to Admission decision letters

## Coming in the Next Six Months...

---

- Additional functionality for managing valid degree, major, and program combinations
- Streamlined online transcript order processing
- Continued development and screen enhancements for the University Registrar's Office, Student Accounts Office, and the Office of Undergraduate Admission
