

Release #54 introduced new features for the University Registrar's Office.

New users are encouraged to reference the [S3 QuickStart Guide](#) and the [Web Tutorial](#) section for basic "how to" instructions.

Release Highlights

Registrar

- **FFP Feature Item:** Academic Offering Maintenance
 - Retrofitted all existing academic pages to use new data validation model
 - Ensures only valid degree/college/department/major/program/class combinations can be added and updated
 - Includes new S3 pages for maintaining majors and degrees
- **FFP Feature Item:** Semester-based course long title and description
 - Allows historical course information to be retained for reference and to assist with future scheduling

Additional Changes:

- ✓ Students will receive automatically generated emails when registered for a class after the add deadline
- ✓ Recent graduates will now continue to have access to SIO after graduating
- ✓ Fixed issue with missing local address on Student Summary page
- ✓ Improved copy/paste behavior to prevent special characters from being incorrectly converted to question marks

Coming in the Next Six Months...

- Streamlined online transcript order processing
- Summarized student account activity view
- Student refund check printing within S3
- Continued development and screen enhancements for the Student Accounts Office, the Office of Undergraduate Admission, and the University Registrar's Office
