STUDENT SERVICES SUITE – SUMMARY OF RELEASE #68   June 8, 2017

> Release #68 retired SIO Admin, bringing that functionality into the S3 Admin Console.
>
> New users are encouraged to reference the S3 QuickStart Guide and the Web Tutorial section for basic "how to" instructions.

Release Highlights

Cross-cutting
- SIO Admin has been retired and that functionality is now conveniently located within S3. Please remember to remove/edit your old bookmarked URLs.
  - For View in SIO: In S3, go to Student/Summary page for View in SIO under the gear wheel
  - For Content Management: In S3 Admin Console, navigate to Config/Staging for Content Management
  - For Billing and Aging: the URL is s3.andrew.cmu.edu/bna

Registrar's Office
- Developed Course Service for future implementation
- Improvements to registration logic
- Improvements to Student Data Warehouse (SDW) reports and data models

Student Financial Services
- Advanced Search Feature story to Add memos and other small improvements

Coming in the Next Six Months…

- Undergraduate Admission feature work including SLATE integration with S3
