S3 ADMIN CONSOLE

STUDENT SERVICES SUITE – SUMMARY OF RELEASE #89   April 9, 2019

> Release #89 included an overhaul of the automated processing of Advanced Placement (AP) scores. To increase transparency for students, the new process automatically emails students and their academic advisors when AP scores are received and also when they have been granted AP credit.
>
> New users are encouraged to reference the S3 QuickStart Guide and the Web Tutorial section for basic "how to" instructions.

Release Highlights

Admission

- Added the ability in S3 for the Admission office staff to manage the list of prospective students who are registered for Turn Tartan Overnight and Celebration of Diversity events
- Added the ability in S3 for the Admission office staff to update students who are registered to be hosts for Turn Tartan Overnight and Celebration of Diversity events

Registrar

- **FFP Feature Item:** Upgraded the Advanced Placement (AP) scores process to integrate it with other automated scores processing. Also introduced automated emails to students and their academic advisors when the scores are received and also when the student has received AP credit.

Coming in the Next Six Months…

- Continued development to display and utilize anticipated transaction information for student accounts
- The ability for departments to bulk update academic advisor assignments
- A completely redesigned Memo system for S3 users
