Carnegie Mellon University

Academic Audit Application Updates   *December 2018*

New Features

- Audit loading details
- Calculate custom QPA
- Order of degrees
- Placeholders that don't count towards a degree will now be displayed in a lighter grey
    - This helps easily distinguish between optional items and those that are required
- Any courses with grades are now considered 'taken' regardless of semester or date
    - Previously these would still be displayed as 'taking' until the new semester of classes began
- You can now search for the current semester in the 'Expected Graduation Semester' search option, to help with the certification process
- Adoption
    - Undergrad Adoption = 73% (↑ from 67% in November).
    - Graduate Adoption = 12% (↑ from 10% in November)

Fixed Issues

- No fixes this this month.
